Dear Fellow Long Term Care Provider,

Lisa Ramsey and her company, Medi-Cal Consulting Services, provide outstanding consulting to skilled nursing facilities and families needing guidance in working their way through the maze of the Medi-Cal program benefits.

I have known Lisa since her tenure at Sun Healthcare, where she headed the Medi-Cal qualification group. She was a passionate, competent and professional employee who was our go-to person regarding anything having to do with Medi-Cal qualification of patients in our facilities.

After leaving Sun, she founded Medi-Cal Consulting Services and has assembled a staff of knowledgeable, caring and efficient professionals who provide quality education for providers and expertise to residents and families needing assistance in qualifying for Medi-Cal benefits.

Our company, Vista Cove Senior Living, has benefited from their services for the past several years and I would highly recommend MCS if your organization needs guidance to understand the reimbursement ramifications of the Affordable Care Act, the roll-out of Accountable Care Organizations and the myriad of applications and qualifications that will face providers in the future. Additionally, Lisa is an excellent trainer and passionate advocate for providers' interests. I know you will find the services of MCS to be of great benefit to your organization.

Sincerely,

Floyd Rhoades, CEO
